AUGUST'S NEW CD "The Sweetest Day"

**Produced by
AUGUST & Andreas Schuld**

**FOLK/ROOTS
Label: Indie**

"Accomplished singers Meg Tennant, Rae Armour, Beverley Elliott and Linda Kidder find their common ground in folk music. This isn't strictly a folk album, though. There is room for country music, blues, humour and a singer-writer vibe also is in the mix... You can hear the voice of experience in each woman." (Rating B)
Tom Harrison, Vancouver Province

After years of successful solo careers, Meg Tennant, Rae Armour, Beverley Elliott and Linda Kidder experienced a 'light bulb moment' one afternoon after consuming several bottles of water and they haven't looked back! Wit, wisdom, womanhood and hilarity are some of the many threads that weave through their musical tapestry. These incredibly talented women have joined forces to create a powerful musical experience of pristine four-part harmony, with Rae and Meg on acoustic guitar, Linda on bass and Beverley on percussion.

They are equally at home on stage or on the back porch combining their unique blend of folk, country, bluegrass and pop with their own original style and panache—makes you laugh, makes you cry. When AUGUST comes around, it's time to kick back and enjoy the music!
